* * * * *

- (i) the constitution of a pension or provident fund for the benefit of the officers, teachers, and other servants employed by the University;

* * * * *

Where any pension or provident fund has been constituted by the University for the benefit of its officers, teachers, or other servants, the Provincial Government may declare that the provisions of the Provident Fund Act, 1925, shall apply to such fund as if it were a Government Provident Fund.

1. In these Statutes—

- (a) “Salary” means monthly salary, and includes all fixed monthly allowances by way of pay, acting or personal allowances but does not include any other allowance.

- (b) “Servant” means every whole-time officer or servant of the University, other than one whose services have been lent to the University by Government or who is on leave from a Government post, appointed permanently to a substantive appointment carrying a salary of Rs. 30 per mensem or more: Provided that if the grade of a post goes up to Rs. 30 or over, the incumbent of such a post shall be deemed to be a servant of the University.

NOTE.—Persons appointed on probation to permanent posts shall be eligible to subscribe to the Fund.

*Passed by the Senate on Oct 22, 1927, and amended on Nov. 16, 1934, Nov. 22, 1935, Nov. 19, 1936, (on the line suggested by Government as per letter No. C/604-XV 264-1936 dated June 18, 1936), Nov. 11, 1988, Nov. 17, 1929 and Nov. 20, 1941.

Statutes.

(d) "Savings Bank" means the post office savings bank.

(e) "Interest" means the interest which is paid on a deposit in the post office savings bank, *i.e.*, Rs. 3 per cent. per annum or such as may be determined from time to time for deposits in the post office savings banks.

(f) "Dependent" means any of the following relatives of a deceased subscriber to a Provident Fund, *viz.*, a wife, husband, parent, child, minor brother, unmarried sister and a deceased son's widow and child, and where no parent of the subscriber is alive, a paternal grandparent.

2. Every servant of the University shall be compelled to subscribe to the Provident Fund at the rate of 8 per cent. of his salary for which an account will be opened at the savings bank. The deduction shall be made by the University upon every salary bill presented. In the calculation of this deduction fractions of a rupee of a salary shall be omitted. Subscriptions by the subscriber, when on leave on less than full pay, will be optional. The amount so deducted, together with the contribution by the University under Statute 3 below, will be deposited in the savings bank. The payments in respect of the monthly deductions and contributions shall so far as possible, be made into the bank within two days of the receipt of the money in order that interest may accrue. The following procedure will be adopted:—

The post office will open individual accounts for all the subscribers to the Provident Fund. The University will arrange that all sums to be credited to these

accounts shall be sent to the post office accompanied by—

- (i) the post office savings bank pass book, and
- (ii) a list in the form (APPENDIX A) appended to these Statutes showing in detail the amount to be credited to each account:

The amount to be deposited in the post office in the Provident Fund Account of the subscriber shall be reduced to the extent of such premia.

Statutes
—contd.

7. Withdrawals will be permitted when a subscriber's services in the University come to an end by his retirement, resignation, death or otherwise, provided that—

NOTE.—The amount advanced under this Statute shall be such a sum as is divisible into twenty-four equal amounts in whole rupees.

9. The amount advanced under Statute 7 shall be refunded to the Fund by twenty-four equal monthly instalments. A subscriber may, however, at his option, make payment in less than twenty-four instalments or may repay two or more instalments at the same time. Recoveries will be made monthly commencing from the first payment of a full month's salary after the advance is granted. The instalments will be paid by compulsory deduction from salary or leave salary and will be in addition to the usual subscription.

10. Each subscriber must file in the office of the University a declaration in the form (APPENDIX B) appended to these Statutes, showing how he wishes the amount of his accumulation in the Fund to be disposed of in the event of his death or his becoming insane:

Provided that if the subscriber has got dependents, he shall not be permitted to nominate any outsider.

(b) If a servant has served for more than ten years, but has not served for more than 20 years, a gratuity of one month's pay for each completed year of approved service may be paid to the servant himself if he has been permitted to retire from the service of the University on account of his incapacity to continue in its service; or may be paid to his family if he dies while in the service of the University.

(c) If a servant has served in the University for more than 20 years, a gratuity at the rate of one month's pay for each of the first 20 completed years of approved service and one and a half month's pay for each completed year of approved service in excess thereof may be paid to the servant himself, if he has been permitted to retire from the service of the University on the ground of incapacity, or may be paid to his family if he dies while in the service of the University.

Provided further that payments towards an educational endowment policy may not be substituted for subscriptions to the Fund and that no amounts may be withdrawn to meet any payment or purchase in respect of such a policy if that policy is due for payment in whole or part before the subscriber's age of normal superannuation.

*Passed by the Executive Council on Nov. 21, 1935 and Apr. 21, 1937, and amended on Mar. 8, 1938 (*vide* Statute 6 of this Chapter).

2. (1) If the total amount of any subscriptions or payments substituted under clause (a) of rule 1 is less than the amount of the minimum subscription payable to the Fund, the difference shall be rounded off to the nearest rupee and paid by the subscriber as a subscription to the Fund. Regulations
—contd.—

(2) If the subscriber withdraws any amount standing to his credit in the Fund for the purpose specified in clause (b) of rule 1 he shall subject to his opinion under clause (a) of that rule, continue to pay to the Fund the subscription payable under the Provident Fund Statutes.

3. (1) A subscriber who desires to substitute a subscription or payment under clause (a) of rule 1 may reduce his subscription to the Fund accordingly:

Provided that the subscriber shall—

(2) A subscriber who desires to withdraw any amount under clause (b) of rule 1 shall—

(a) intimate the reason for the withdrawal to the Registrar by letter;

(b) make arrangements with the Registrar for the withdrawal;

(c) send to the Registrar, within one month, receipts or certified copies of receipts in order to satisfy the Registrar that the amount withdrawn was duly applied for the purposes specified in clause (b) of rule 1.

4. (1) The University will not make any payments on behalf of the subscribers to insurance companies, or take steps to keep a policy alive:

(2) It is immaterial what form the policy takes, provided that it shall be one effected by the subscriber himself on his own life and shall (unless it is a policy expressed on the face of it to be for the benefit of his wife, or of his wife and children, or any of them) be such as may be legally assigned by the subscriber himself to the University.

Explanation 1. A policy on the joint lives of the subscriber and his wife shall be deemed to be a policy on the life of the subscriber himself for the purpose of this subrule.

Explanation 2. A policy which has been assigned to the subscriber's wife shall not be accepted unless either the policy is first re-assigned to the subscriber or the subscriber and his wife both join in an appropriate assignment.

(3) The policy may not be effected for the benefit of any beneficiary other than the wife of the subscriber or his wife and children or any of them.

5. (1) The policy, within three months after the first withholding of a subscription or withdrawal from the Fund in respect of the policy, or in the case of an insurance company whose head-quarters are outside India, within such further period as the Registrar, if he is satisfied by the production of the completion certificate (*Interim Receipt*), may fix, shall—

(a) unless it is a policy expressed on the face of it to be for the benefit of the wife of the subscriber, or of his wife and children, or any of them, be

assigned, by an endorsement on the Regulations policy in Form I set forth in the Schedule to the University as security for the payment of any sum which may become payable to the Fund by the subscriber under rules 6-8 and delivered to the Registrar. *-contd.*

- (b) If it is a policy expressed on the face of it to be for the benefit of the wife of the subscriber or of his wife and children, or any of them, be delivered to the Registrar.

(2) The Registrar shall satisfy himself by reference to the Insurance Company, where possible, that no prior assignment of the policy exists.

(3) Once a policy has been accepted by the Registrar for the purpose of being financed from the fund, the terms of the policy shall not be altered nor shall the policy be exchanged for another policy without the prior consent of the Registrar to whom details of the alteration or of the new policy shall be furnished.

(4) If the policy is not assigned and delivered, within the said period of three months or such further period as the Registrar may under clause (1) have fixed, any amount withheld or withdrawn from the Fund in respect of the policy, shall, with interest thereon at the rate allowed by the Post Office Savings Bank, forthwith be paid or repaid, as the case may be, by the subscriber to the Fund, or in default be ordered by the Registrar to be recovered by deduction from the emoluments of the subscriber by instalments or otherwise as the Executive Council may direct.

(5) Notice of assignment of the policy shall be given by the subscriber to the Insurance Company, and the acknowledgment of the notice by the Insurance Company shall be sent to the Registrar within three months of the date of assignment.

NOTE 1.—Subscribers are advised to send notice of the assignment to the Insurance Company in duplicate accompanied, in cases in which the notice

has to be sent to a Company in Great Britain or Ireland, by a remittance of five shillings, which is the fee for the acknowledgment authorised by the Policies of Assurance Act, 1867. The policy itself, bearing the assignment endorsed thereon need not be sent to the Company, as Insurance Companies do not ordinarily require the production of the original instruments affecting a policyholder's title until the policy becomes a claim.

NOTE 2.—Subscribers who proceed to Great Britain or Ireland on quitting the service are advised that under the English Stamp Law assignments or reassignments are required to be stamped within 30 days of their first arrival in those countries, otherwise penalty will be incurred under the Stamp Act, and difficulties may arise when the policy matured for payment.

5-A. The subscriber shall not during the currency of the policy draw any bonus the drawal of which during such currency is optional under the terms of the policy and the amount of any bonus which under the terms of the policy the subscriber has no option to refrain from drawing during its currency shall be paid forthwith into the fund by the subscriber or in default recovered by reduction from his emoluments by instalments or otherwise as the Executive Council of the University may direct.

6. (1) Save as provided by clause (2) of rule 8 when the subscriber—

- (a) quits the service; or
- (b) has proceeded on leave preparatory to retirement and applies to the Registrar for reassignment or return of the policy, or
- (c) while on leave, has been permitted to retire or declared by a medical authority to be unfit for further service and applies to the Registrar for reassignment or return of the policy, or
- (d) pays or repays to the Fund the whole of any amount withheld or withdrawn from the Fund for any of the purposes mentioned in clause (a) or (b) of rule 1, with interest thereon at the rate

allowed by the Post Office Savings Bank, the Registrar shall— Regulations
—contd.

- (i) if the policy has been assigned to the University under rule 5 reassign the policy in Form II set forth in the Schedule to the subscriber and make it over to the subscriber;
- (ii) if the policy has been delivered to him under clause (1) (b) of rule 5, make over the policy to the subscriber:

Provided that, if the subscriber, after proceeding on leave preparatory to retirement or after being, while on leave, permitted to retire or declared by a medical authority to be unfit for further service, returns to duty any policy so reassigned or made over shall, if it has not matured or been assigned or charged or encumbered in any way, be again assigned to the University and delivered to the Registrar or again be delivered to the Registrar, as the case may be, in the manner provided in rule 5 and thereupon the provisions of these rules shall, so far as may be, again apply in respect of the policy:

Provided further that, if the policy has matured or been assigned or charged or encumbered in any way, the provisions of clause (3) of rule 5 applicable to a failure to assign and deliver a policy shall apply.

(2) Save as provided by clause (2) of rule 8 when the subscriber dies before quitting the service, the Registrar shall—

- (i) if the policy has been assigned to the University under rule 5 assign the policy in Form III set forth in the Schedule to such person as may be legally entitled to receive it, and shall make over the policy to such person,

together with a signed notice of re-assignment addressed to the Insurance Company;

- (ii) if the policy has been delivered to him under sub-clause (b) of clause 1 of rule 5 make over the policy to the beneficiary, if any, or, if there is no beneficiary, to such person as may be legally entitled to receive it.

7. CHAPTER XXXVI

CONDITIONS OF SERVICE, LEAVE, ETC. OF
THE SERVANTS OF THE UNIVERSITY

The Executive Council—

Section 18
of the Act.

* * * * *

(f) save as otherwise provided in this Act or the Statutes, shall appoint the officers (other than Chancellor and the Vice-Chancellor), teachers and other servants, of the University, and shall define their duties and the conditions of their service, and shall provide for the filling of temporary vacancies in their posts:

Provided that no teacher shall be employed by the University until provision has been made for his salary in the budget of the University;

* * * * *

1. The regulations in this chapter apply to all permanent whole-time servants of the University who are not allowed vacations, excluding those whose services have been lent to the University by Government or who are on leave from a Government post.

Regulations.

2. Leave is earned by duty only.

3. (1) A servant who resigns or is discharged from the employment of the University, cannot if re-employed after an interval, count this former service towards leave without the permission of the authority re-appointing him.

(2) A servant who is dismissed or removed from the University service, but is reinstated, is entitled to count his former service towards leave unless the authority reinstating him declares that he shall not so count it in whole or in part.

* Passed by the Executive Council on Oct. 19, 1927 and amended on Apr. 20, 1934.

4. Leave cannot be claimed as of right. When the exigencies of the University service so require, discretion to refuse or revoke leave of any description is reserved to the authority empowered to grant it.

5. All orders recalling a servant to duty before the expiry of his leave should state whether the return to duty is optional or compulsory. If it is compulsory, the servant shall be entitled to travelling allowance to Agra but will get leave salary up to the date he joins his post.

6. A servant who remains absent after the expiry of his leave is not entitled to leave salary during the period of such absence. Wilful absence from duty after the expiry of leave involves forfeiture of appointment.

7. The power of granting leave will rest with the Executive Council. In regard to the clerical and menial staff, the Executive Council may, by regulations, delegate its powers to the Vice-Chancellor and the Registrar.

8. For every servant a service-book or service roll and leave account shall be maintained by the University in the form in which they are maintained in Government offices, and the Registrar shall have them kept up to date.

9. Leave may be of the following kinds which may be combined with each other, subject to limits laid down in these Regulations:—

(i) Leave on full pay.

(ii) Leave on half pay.

(iii) Leave on quarter pay (on medical certificate).

(iv) Leave without pay.

NOTE 1.—Casual leave is not treated as regular leave and is not debited to the leave account. Casual leave shall not be combined with regular leave of any kind.

NOTE 2.—“Pay” means substantive pay and does not include acting allowance.

10. The leave on full pay which a servant earns is one-twelfth of the period he remains on

duty. He also earns leave on half pay equal to one-twelfth of the period spent on duty. A servant on entering service must put in at least twelve months' service before he can be granted leave mentioned in clauses (i) and (ii) of regulation 9. Regulations
—contd.

11. It will be in the discretion of the sanctioning authority to grant leave on half pay even if leave on full pay is due, if it is necessary to do so in the interests of the University.

12. The maximum period of leave on full pay which a servant can take at any one time either separately or in combination with any other leave is four months.

12. The maximum period of leave with allowance (on full and half pay) which a servant can take at any one time is two years. This period may be extended by six months if the extension of leave is granted on quarter pay on medical certificate under Regulation 15.

14. A servant on return from leave on full pay taken separately or in combination with any other leave must remain on duty for at least six months before he can again be granted leave on full pay.

15. When a servant applies for leave on medical certificate and no leave on full or half pay is due to him, leave on quarter pay may be granted to him subject to the condition that the total period for which such leave can be granted to a servant during the whole period of service shall not exceed two years.

NOTE.—The medical certificate shall be from the Civil Surgeon in cases in which the salary exceeds Rs 300. In cases where the salary does not exceed Rs. 300, the certificate shall be from a qualified medical practitioner whose name is borne on the register of medical practitioners registered under the United Provinces Medical Act (III of 1927).

16. In case of necessity and when no other leave is due, leave without pay may be granted subject to the condition that no servant can be granted such leave for more than two years during the whole period of his service. No servant is entitled to leave without pay.

17. Applications for leave, unless they are supported by a proper medical certificate as described in note to Regulation 15, should ordinarily be made at least three months before the date from which leave is applied for.

NOTE.—The mere submission of a medical certificate shall not entitle the applicant to avail himself of the leave in anticipation of sanction unless the medical certificate clearly shows that the applicant is utterly unfit to attend to his work.

18. The amount of casual leave granted to an individual in a calendar year shall not exceed 15 days.

19. Casual leave may be taken in one or more instalments, as the applicant desires, but shall not ordinarily exceed 10 days at a time.

*20. Casual leave shall not be combined with any other kind of leave, but it may be taken either at the beginning or end of holidays, provided the period of total absence does not exceed 15 days.†

21. Servants belonging to the menial establishment may be granted leave under the preceding Regulations only so far as it can be done without imposing any extra cost upon the University. The leave salary of the absentee must not exceed what remains from his pay after provision has been made for efficient discharge of his duties. When the period of leave does not exceed one month in a year and the Registrar is satisfied that the leave is urgently required, extra expenditure up to a limit of half the pay of the post may be incurred.

*If casual leave is taken either between two holidays or both at the beginning and end of holidays, the total period of absence shall be treated as leave.

†In view of the fact that the electrical mistry and the sweeper are always required to give substitutes to carry on their work when they take casual leave and are held responsible for the work done by the substitutes, period of their casual leave on full pay may be extended by not more than one week per year at the discretion of the Vice-Chancellor.

(Executive Council Res. No. 105 of Nov. 19, 1937).

1.—AGRA COLLEGE, AGRA.

The College owes its origin to jagir lands bestowed by Peshwa Madhav Rao on Misur Gangadhar Pundit who died intestate in 1813. Ten years later Government founded the Agra College and those lands still constitute its Chief endowment. In 1883, the management was transferred to a Board of local trustees and the immediate control is in the hands of a Committee, two of the members of which are officials, eight are nominated by the Trustees, the Principal ex-officio and one member of the staff nominated by the President.

The college with its hostels and playing-fields covers an area of 340 bighas. The college proper is compactly situated on rising ground and consists of a central Arts block, surrounded by seven other blocks containing extensive Science laboratories, administrative offices, and the Weston Hall, a fine assembly hall of good acoustic properties which can comfortably accommodate 800 persons.

The College provides post-graduate instruction in English, History, Politics, Mathematics, Urdu, Chemistry, Physics, Botany, Zoology and Law. It is affiliated to the University of Agra for under-graduate instruction in English, Mathematics, History, Economics, Philosophy, Sanskrit, Arabic, Persian, Hindi, Political Science, Mathematics, Chemistry, Physics, Botany and Zoology. The college is also recognised for the Intermediate Examination of the Board of High School and Intermediate Education, U. P., in English, History, Civics, Economics, Logic, Sanskrit, Persian, Hindi, Urdu, Drawing, Mathematics, Physics, Chemistry and Biology.

*Games and Physical Training.**Vacant.*

In August 1945, there were 1420 students on the rolls.

The Library contains some valuable original manuscripts and has been recently reorganised. Books appertaining to Science are housed in the Laboratories where they are under the direct supervision of the heads of their respective departments. The reading room is open in the evenings as well as during college hours.

The laboratories are extensive and are well equipped for teaching purposes, and for research.

Two scholarships are awarded every year for research in Chemistry. During the last five years, about 50 original papers have been published by the department of Chemistry, Physics, Botany and Zoology. One of the research students was awarded the D.Sc. degree in Botany in 1936 and another in Chemistry in 1938. A good deal of research has also been done by the department of History. Recently arrangements have been made for further research work in spectroscopy in the department of Physics. In the department of Zoology an Aquarium has been provided with a modern aeration apparatus for research work on different aspects of the Biology of fishes. Investigation on the rusts of wheat and barley started by the Professor of Botany in the year 1923, and financed by the Imperial Council of Agricultural Research for the last 15 years, are nearing completion and a scientific monograph dealing with that work has been published, another monograph has been written up.

The interests of the day students outside the class-room are provided for by dividing them into tutorial groups, each under one member of the staff. Every new student is allocated to a group and once in a group remains there throughout his college career, so that his tutor has a personal interest in him and is expected to act as his friend and adviser.

The division into groups is also the basis of organised games and results in very keen competition. There is also a Day-Scholars' Common Room.

Compulsory Physical and Military Training is carried out for the benefit of those who do not play games. A new gymnasium has been installed and the services of a highly qualified whole-time instructor have been secured for this as well as for games and field sports. The college has also secured the services of a Medical Officer and a dentist and arrangements have been made for systematic treatment of common ailments in connection with compulsory Physical Training.

The College Union of which membership is compulsory comprises 21 societies.

An Old Boys' Association after being dormant for many years has been revived.

There is a flourishing staff club. Although membership is voluntary, practically every member of the staff joins the club.

There were 340 students residing in the college hostels in August, 1945.

In addition to the above there are four caste hostels which though not directly under the control of the college are inhabited almost exclusively by its students and under the charge of members of the staff. These are the Vaish Hostel, Pathak Brindaban Vedic Ashram (Commonly known as the Chaube Hostel), the Bhargava Hostel, the Kayastha Hostel. These, like the college hostels, are adjacent to the college premises and playing-fields, and though administratively distinct for all practical purposes, form part of the college.

Hostel fees vary from Rs. 2-8-0 to Rs. 4-8-0 per seat.

The following games are played:

Football, hockey, cricket, tennis, and volley-ball. There are two playing fields and a college lawn, and most of the Hostels possess tennis courts. College teams also take part in local and outside tournaments. Inter-tutorial matches in football, hockey and cricket take place among the tutorial groups. Athletic sports are encouraged.

The Civil Surgeon of Agra is the ultimate medical authority for the hostels and there is also a Surgeon who visits all hostels daily and to whom all sick report. There is a medical inspection of all hostellers soon after the annual re-opening of the College and the sight of new students is tested. Servants are inspected at more frequent intervals.

The Agra and St. John's Colleges combine to form two platoons of the University Training Corps ("C" Company 3rd U. P. Battalion, I. T. F.), the other two platoons of the company belong to Aligarh. At the last annual camp the "C" company won the long Range shooting Cup, the Musketry Cup, and the Miniature Range Shooting Cup.

The College fees chargeable are:—

Arts Department.

M.A. classes	Rs. 12-0	P.M.
B.A. "	" 11-0	"
Intermediate	" 9-8	"

Science Department.

M.Sc. classes	Rs. 13-0	P.M.
B.Sc. "	" 13-0	"

A Laboratory fee of Rs. 5 per annum is charged from all Science students.

Law Department.

All students are charged Re. 1 per mensem for athletics, Re. 1-8 per annum for the Agra College Union, Re. 1 per annum for College Magazine and Re. 0-8-0 Union contribution to the students Aid Fund.

In addition to endowments enabling assistance to be given to indigent and deserving students, a number of Merit Scholarships varying from Rs. 5 to Rs. 15 are awarded annually.

There is a Debt of Honour Fund, managed by a committee of the staff and the students, to the funds of which the Students Union makes a voluntary annual contribution, and from which advances are made to deserving students who find it difficult to complete their studies.

In addition there have been two research students, one with a University scholarship and one with a Government Scholarship, and 13 preparing for the Ph. D. There have been 68 women students.

Hostels.—206 students reside in the five hostels all of which are situated in the College compound. One of these hostels, the Davies House is reserved for women students. Each hostel contains not more than 30-50 members, and is under the supervision of a Resident Warden.

Day Students.—The Day students are divided geographically into three circles, and each circle has its Warden and student officers. Their conditions of residence are carefully supervised. Each circle is further sub-divided into five or six "Segments" to each of which a member of the staff is attached as a "Tangent" to keep in touch with the students and to encourage their activities.

Staff Club.—The College staff has a small Club House and grounds sufficient for four tennis courts and two badminton courts. The Club provides a centre for the corporate life to the staff and periodical staff dinners are also arranged.

Library.—The number of books in the College Library is now over 18,888. The Library is open in college hours and also for two hours each evening and is being increasingly well used.

Research Work.—Government continue their Research scholarship in Chemistry and a number of Research papers has been contributed to scientific journals.

The Zoology department continues its research work particularly in Cytology and Entomology. The Laboratory for Experimental Psychology is in use again. A number of students are offering Research thesis in the M. A. Economics course. Our University Research Scholar in Persian has been continuing his studies.

Tutorial System and General Knowledge.—In addition to the tutorial groups in English, in most subjects of the Arts Faculty tuition is given regularly once a week or once a fortnight to small groups of 4 to 8. Some tutorial work has been attempted in Science, but it is more difficult to fit such classes into the very full Science Time table.

All undergraduate students of the college take a paper in General Knowledge at the end of the Rains and Christmas terms. One Prize for the best student in the Degree classes and one for the best Intermediate student have been presented by members of the staff. Periodic lectures are given on "World News" and topics of General Knowledge *not included in the college course.*

Societies and Clubs etc.—The Union Society of the College was the first of its kind to be started in any of the U. P. colleges and has afforded a model to many others. Every student is a member of the Society, which helps to direct the social and athletic side of the life of the College.

The study and development of modern Indian languages are encouraged by the Anjuman Taraqui Urdu and the Srimati Hindi Pracharini Sabha.

There are special societies in connection with the study of Literature, Philosophy, History, Geography and Science.

The Students' Aid Association, started in the year 1916 has been helping poor students with small scholarships and books.

Publications.—The College Magazine: The college continues to publish its Magazine. A smaller leaflet is sent to all members of the Old Boys' Society.

Employment Bureau.—Information regarding employment open to students and ex-students is kept by the Chairman of the Commerce Faculty and students are directed to consult him. A special notice board is maintained for notices regarding current vacancies. A member of the staff is in charge of publicity in connection with the Defence Services.

Athletics.—In addition to the provision for Hostel games, the College maintains tennis lawns and foot-ball, hockey, and cricket grounds. The college is fortunate in having three extensive and well-kept playing fields all within the college compound. There is also an excellent Swim-

ming Bath. The management of athletics is in the hands of the Games Superintendent working with the Athletic committee of the Union Society.

Each Hostel and Day Students Circle has its own teams for various games and Inter Hostel Tournaments are arranged in addition to the regular matches played with neighbouring institutions.

Physical Training.—Physical Training is compulsory for Intermediate students and is now in charge of a qualified Physical Instructor.

University Officers Training Corps.—The strength of the Agra detachment of the U. O. T. C. is three platoons. Students of both Agra and St. John's Colleges are eligible for membership.

Social Service.—The college seeks to give students some idea of the enormous possibilities of and need for social service and also to provide some practical training which will stand them in good stead when they leave college. There is a night school for poor boys from the vicinity of the College. The conduct of a social and economic survey of poor areas adjacent to the College enables our students to familiarise themselves with the actual conditions under which their fellow countrymen live. The Mark Memorial Institute is open as a social service centre for the locality, with a small dispensary and library. Magic lantern and other lectures help in matters of sanitation and simple medical remedies are given to poor living in the neighbourhood.

Old Boys.—The Old Boys Society maintains connection between Old Boys and their Alma Mater and a Leaflet off-printed from the College Magazine is sent out to all members.

Results.—The following is the percentage of passes secured.

M.A. and M.Sc.	100% in all subjects except in History.

It was affiliated in Arts in 1892, in Law in 1893, and in Science in 1906 to the old Allahabad University. It entered into its career as a first grade college in 1924, when M.A. classes in English and History were started. Since then it has secured affiliation upto M.A. standard in 8 more subjects, *viz.*, Sanskrit, Persian, Philosophy, Economics, Mathematics, Politics, Urdu and Hindi, and upto M.Sc. in Mathematics and Chemistry. It has also secured further recognition for B.Com. in advanced Banking, advanced Accountancy and auditing, and for B.Sc. in Zoology and Botany. It also retains its Intermediate classes, which it has been running since its very inception. In the Intermediate the once discontinued Commercial Diploma classes were re-started in 1923. A special Drawing class has also been opened with a view to train students of the College going up for the Roorkee and other Engineering examinations.

Management and Control.—The general policy of the College is controlled by a Board of Management, consisting of 62 members, ten of whom are *ex-officio* and 52 non-officials, of whom two are nominated by the Government one represents the Local Bodies, and the other is drawn from among the nobility and gentry of the division entitled as First class subscribers.

Library.—The College maintains an efficient Library. The total number of books added during the year is 1003. There are departmental libraries in Physics, Chemistry, Biology and Drawing. A Poor Boys' Library has also been arranged by the Commerce Department.

Laboratories.—All the three laboratories of Physics, Chemistry and Biology are well equipped.

Chemistry.—The Chemical Laboratory is housed in a separate building attached to the main college building. A separate B. Sc. practical room has also been added to it.

There is a sufficient stock of apparatus and chemicals, charts etc.

Physics.—The new building to house the Physics Laboratory was completed in 1933 and it contains 14 rooms and an enclosed gallery at the centre that can be utilised for practical work of the I.Sc. students. The laboratory is provided with the necessary apparatus and the equipment is fairly good. There is an efficient workshop which contains two lathes. A good deal of apparatus for the use of the students is turned out by the workshop.

Biology.—The Laboratory is housed in a separate building the construction of which was made possible through the generosity of Dr. S. N. Banerji in memory of his brother, the late Dr. P. N. Banerji. It consists of a dozen of rooms and a practical hall. A gas tap, a water tap and a sink are provided for every two students. Zoological and botanical specimens are classified in suitable show cases in the Museum. Attached to the Laboratory is a botanical garden with two tanks and a Fern-house. Research work is also carried on in Botany.

Magazine.—The Urdu and Hindi contributions were as usual included in the English Editions but on account of the shortage of paper only one issue of the Magazine could come out this session.

Associations.—The academic and the athletic activities of the college are controlled by the Academic Council and the Athletic Association, assisting the Principal in Advisory capacity. Heads of the various teaching departments constitute the Academic Council. The function of the Council is to advise the Principal in academic matters, as also to finance and supervise the work of the various societies and associations carrying on literary, social and athletic activities.

The extra-curricular activities of the college were re-organised in the session. The various societies carrying on academic activities continued to function as before. But the president of each society was assisted by a student Secretary and in some cases by a Committee of representatives not elected as heretofore, but appointed by the Principal on the recommendations of the President concerned from amongst the senior students.

The college week was enthusiastically celebrated with a crowded programme of the various societies. The Urdu Society held a Provincial Mushaira, the Law Society organised a moot Court, the Sanskrit Parishad presided by Sir Sita Ram, had a popular display, the Scientific Society organised a science exhibition and the Gita Society was addressed by learned pundits. Later Mr. Bhulabhai Desai addressed the Law Society.

The Athletic Association set up a new scheme to award college colours in all games and to restrict the eligibility for captainship to the colour holders only. Compulsory physical training parades continued to be enforced with slightly better results. About a hundred

students are trained in swimming. Except Tennis which could not be played for paucity of balls, all other games were played with success. However on account of financial stringency tours of our teams could not be arranged.

Professors Club.—The Academey had a busy time. Distinguished visitors like Brigadier Viden, Dr. R. B. Ghosh, Dr. Indra Sen Jain, Mr. Harish Chandra gave their valuable discourses in the Academy. The Committee granted a sum of Rs. 250 for printing papers read in the academy. But this could not be done on account of paper control.

Residence of Students.—The three Hindu Hostels, the Old House, the New House and the New Blocks accommodated respectively 101, 70 and 197 students. The Muslim Hostel had 99, including 39 non-muslim. On account of the great rush about 100 additional students were accommodated in single and double seated rooms, making them double or triple seated. Every hostel is under the charge of a warden and is split up into wards under the charge of monitors, who help the wardens in the maintenance of discipline. The Muslim mess is supervised by the elected Mess supervisors and the Hindu messes by a Committee of elected hostel representatives under the chairmanship of the Secretary, Board of residence.

Health.—There is a well equipped dispensary for the college hostels with a part-time medical officer and a full time compounder. There is also a segregation ward for infectious diseases. The general health of students remained satisfactory.

Discipline.—Assisted by the general tutorial and the proctorial system, the general tone and discipline of the college remained very satisfactory. The two proctors were assisted by the students prefects. The tutorial groups, as reconstituted by Prof. N. L. Bhatnagar, were composed of students assigned to a Professor, who comes into closer contact with them during the class work. The tutor works as a general guardian of his wards.

5. INDORE CHRISTIAN COLLEGE, INDORE.

This institution is maintained and controlled by the United Church of Canada Mission which is its Governing Body. It was opened in 1884 as a High School and became affiliated with the University of Calcutta to the Intermediate standard in 1888, and the B. A. in 1893. In 1904 it came under the jurisdiction of Allahabad University. In 1910 it was affiliated to the M. A. standard in Philosophy. When the Agra University was established it became a part of that University.

For all purposes of internal administration, the Governing Board of the College delegates its authority to a Local Board composed of the Principal and Vice-Principal ex-officio, two representatives of the Governing Board, three

of the Faculty and one of the Indian Church. The Local Board has power to co-opt two other members. It deals with matters of policy, maintains buildings, makes appointments to the Staff, and controls the finances of the institution.

The Faculty, composed of the teaching members of the Staff, is responsible for the more strictly academic side of the college work, and deals with such matters as the regulation of time-tables, examinations, promotions, discipline etc.

Most of the class rooms, the library, the offices, and the retiring rooms for lady students are located in the main building. It also contains the Bronson Hall, a fine assembly room capable of seating about 450 persons, and a suite of rooms for a residence. In another building adjacent to the main building are another residence, recreation rooms, Hotel rooms, the Hostel hospital quarters, and several class rooms.

In the same compound are the hostels, with a resident superintendent and assistant superintendent, and accommodation for about 125 students. Basic charges for hostel rooms exclusive of lighting etc. are Rs. 3 and Rs. 2 per student per month. The rooms are furnished. A fully qualified doctor visits the Hostels regularly, and cares for the students. In the hostels there is a hospital section with resident compounder.

The college finances are derived from three sources:—

Students have sometime topped the list and earned special prizes and scholarships. Only this year one of our I.Com. students stood second in order of merit in the Board Examination. 8.—BAREILLY COLLEGE, BAREILLY.

History.—This College had its origin in a Government School which was established in Bareilly in 1837 and in 1850 was raised to the Status of a Government College. During the Mutiny of 1857, the buildings were badly damaged and the College was re-opened in 1883 in the form of College classes attached to the Bareilly High School. Its existence was again threatened in 1902, but a fresh endowment raised by subscriptions and supplemented by liberal grants from Government enabled the College to become an independent institution. In 1906, it was transferred to the present buildings which were erected on a site presented by His Highness Sir Mohammad Hamid Ali Khan Bahadur, G.C.I.E., Nawab of Rampur and opened on 17th July 1906, by Sir James John Digges La Touche, K.C.S.I., Lieutenant-Governor of United Provinces of Agra and Oudh.

The College was affiliated to the University of Calcutta until 1887, and to the University of Allahabad until 1927, when it passed under the jurisdiction of the newly incorporated University of Agra.

Throughout its long history, this College has received generous assistance, not only from the Government, but also from the public spirited people of Rohilkhand, Kumaon and other parts of India.

Constitution.—The general control of the College is vested in a Board of Control having the Commissioner of the Rohilkhand Division as president; and consisting of more or less 50 members, 5 of whom are ex-officio and the rest drawn from among the nobility and gentry of the Division. The executive management is in the hands of a Managing Committee of 14 Members.

Financial Position.—The endowment Fund now amounts to Rs. 2,93,300/- and the permanent-Scholarships, Medals and prizes Fund to Rs. 17,550/-. After strong representations for a higher grant the Government has finally made an addition of Rs. 13,486/-, to the original grant. Nineteen additional posts have been approved. The Opening debit balance this year was Rs. 15,070/15/9. The income for the year 1944-45 was Rs. 1,80,504/5/1, while the Expenditure was Rs. 1,81,168/7/8. The accumulated deficit stands at Rs. 15,735/2/4. It was found possible to give a dearness allowance to all the staff this year.

Buildings.—The College is well-situated in a very pleasant and healthy locality. The main building is a handsome edifice consisting of a Central Hall, Staff Common-Room and the Union Office flanked on either side by classrooms; adjacent to it there are nine separate blocks:—

History.—The college had a small beginning and grew out of the first agricultural experimental farm in India. It started as a small school in 1893 with a handful of students intended mainly for the training of junior revenue officers. In 1906 this school was raised to the status of a College and the original course of 2 years was elaborated into one of 3 years and a diploma in agriculture was instituted. Seven years after, a Qanungo school was opened at Hardoi and with it the course of study of this college was reorganised and divided into a vernacular certificate course of two years and a diploma course of four years. In 1925 the College was affiliated to the Board of High School and Intermediate Education, U. P. for the Intermediate Examination in Agriculture and in 1930 to the Agra University for the B.Sc. (Ag.) Degree and in 1943 for the M.Sc. (Ag.) Degree. With the affiliation of the College to the University the vernacular certificate course was discontinued which was taken over by the Agricultural Schools at Bulandshahr and Gorakhpur.

A Reorganisation Committee was appointed by the Government in 1932 and their recommendations embodied in the Government Resolution No. 418-A dated July 23, 1932, carried the College a step further in its evolution. Admissions:—B.Sc., (Ag.).—The qualification for admission to the B.Sc. P., or any other examination in Agriculture recognized by the University as equivalent thereto.

M.Sc. (Ag.).—Minimum education qualification for admission to the M.Sc. (Ag.) class is the B.Sc. Examination in subjects other than Crop Husbandry and Agricultural Chemistry shall be permitted only if they have passed the B.Sc. (Ag.) with these or allied subjects as optionals.

Since the college trains students for the Intermediate in Agriculture Examination as well, the B.Sc. (Ag.) classes are fed by its own students and very few seats become available for candidates from other institutions.

For such vacancies applications are invited in the prescribed forms which are available on payment of -/8/- from the Principal. Selection of candidates for admission rests with a Selection Committee appointed by the Director of Agriculture, of which Principal is the Chairman. The candidates are interviewed by the Selection Committee before they are admitted. Canvassing for admission in any form is considered as a disqualification.

Applications for admission to M.Sc. (Ag.) classes are received in the prescribed form on payment of -/8/-. Students who have passed the B. Sc. (Ag.) Examination from the Agriculture College, Cawnpore and apply for admission need not fill in columns 14 and 15 but state that these certificates have already been submitted before with the application for admission to the B. Admissions of Non-U. P. students.—Excepting 10 students who are nominated by the Bihar Government for admission to this college in the 1st year class in a reciprocal arrangement of admission of 20 U. P. students in the Bihar Veterinary College, admissions of students not domiciled in U.P. are made under the following conditions—

Applications are considered subject to there being vacancies and only on the recommendation of the Provincial Government or Political Agent concerned in the case of students nominated by a provincial Government or an Indian State respectively.

In the case of students coming at their own expense suitable recommendations from persons of influence or official status should accompany the application.

A fee of Rs. 1,000 per annum is charged from each student nominated by a provincial government or by an Indian state and of Rs. 500 per annum from a student not domiciled in the United Provinces who is admitted on his own application.

The above fees include only tuition charges. Other charges are payable as in the case of United Provinces students.

No student not domiciled in the United Provinces is admitted if his admission prejudices the claims of candidates domiciled in the United Provinces who may be found suitable for admission. The number of students admitted who are not domiciled in the United Provinces shall not exceed three per annum.

The students of Benares, Rampur and Tehri State are treated as students from outside the United Provinces for the purpose of admission.

19.—BALWANT RAJPUT COLLEGE, AGRA

History.—It was in the year 1885 that this institution was started on its career as a Boarding House with only 20 Rajput boys under a Superintendent and a Tutor. This effort for the uplift of the Rajput community found favour with the Rajput nobility and due mainly to the devoted zeal and munificence of Raja Balwant Singh, C.I.E. of Awagarh

and Raja Ram Pal Singh of Kalakankar, the Rajput High School was established in 1889. Raja Balwant Singh having bequeathed a sum of Rs. 9,30,000 for the maintenance of the school, the Balwant Rajput High School Trust was formed in 1915. The Trust vested the management in a Committee of 15 members of whom the District and Sessions Judge of Agra remains the ex-officio President and the Raja Sahib of Awagarh, the ex-officio Vice-President. In view of the successful working of the school and the demand of the community for higher education, the Committee of Management were encouraged to raise it to an Intermediate College in Arts and Raja Surya Pal Singh of Awagarh donated Rs. 1,40,000 for its upkeep. In subsequent years Science (1935), Agriculture (1938) and Commerce (1940) were added to the Intermediate Department. To meet the growing demand of the Rajput and other communities and in pursuance of the policy of the institution for making increased provision for the study of Agriculture, the college was raised to the degree standard in Agriculture in 1940. In 1941 degree classes in Commerce and in 1944 degree classes in Arts were started. The High School classes were separated in 1940 and the Balwant Rajput High School now functions independently under its own Headmaster. This year the number of the members of the Committee of Management, has been raised from 15 to 21, the Principal of the Balwant Rajput College and the Headmaster of the Balwant Rajput High School being among the additional members.

The Intermediate Department of the College is affiliated to the Board of High School and Intermediate Education, U. P. and provides instruction in Arts, Science, Agriculture and Commerce. For B.Sc. (Ag.) B.Com. and B.A. the College is affiliated to the Agra University.

Students.—The number of students in the College classes according to Faculties stands as follows:—

Agriculture.	Commerce.	Arts.	Science.
IV 39	IV 9	III 47	II 27
III 48	III 23	II 30	I 38
II 45	II 16	I 39	
I 59	I 50		

Hostel.—There is provision in the College hostel for the accommodation of about 300 students. There is a Dean of hostels to supervise the general hostel administration. There are five blocks each of which is placed under a warden and a student monitor subordinate to him.

The College maintains a well-supplied dispensary for the use of the hostellers and the day-students. The College Medical Officer—an Assistant Surgeon—assisted by a whole time compounder is in charge of the dispensary.

Day Students.—All day students are divided into batches of 12 to 15, each batch being placed in charge of a Tutor who is a member of the Staff. The Tutor supervises carefully the conditions of the residence and studies of his wards and gives them general guidance and help. The students are given the option to choose their tutors, which makes each batch a homogenous group and facilitates the task of the tutor.

Games.—There is ample provision for games which are compulsory for the hostellers and the day students living in the vicinity of the College. Other day students are also encouraged to participate in the games. There are three extensive playgrounds for football and hockey, two tennis courts and a dozen volley ball and basket ball courts, all on the premises of the College.

Physical Training, Military Drill and U.O.T.C.—Physical training and Military Drill including Target-shooting (military drill and target-shooting being suspended for the duration of the war) form a special feature of the institution. They are compulsory for all students except that training in target shooting is left to the option of the students. Besides the college combines with the Agra College, the St. John's College and the Medical College to form three platoons of U.O.T.C. (A Company, Agra Detachment).

Library.—The College Library has 7,794 books; 864 having been added during the year. The total expenditure incurred was Rs. 5,257-11-6 on books and Rs. 905-7 on magazines, periodicals, newspapers etc. whose number come up to 60.

The Library maintains an Open Shelf Department which remains open from 8 a.m. till 11-30 p.m. and with a break,

from 5 p.m. to 8-30 p.m. All important books, reference books and periodicals are kept here.

Scholarships.—Merit scholarships of the value of Rs. 2,250 are awarded to Rajput Boarders. Concessions in fees are also allowed according to rules of the Education Department. Thirty-three per cent. of the Rajput Boarders are allowed free residence and twenty per cent pay at half rate.

Societies, Clubs, etc.

The 'Union'.—Every student is a member of the College Union. Not less than six parliaments and a number of debates are organised by the Union during a session. The Union offers the students invaluable training in Self-Government and provides them scope for extra-curricular activities.

Besides the Union there are the Commerce and the Arts associations which organise lectures and debates. They bring out their own separate journals from which articles of outstanding merits are incorporated in the 'College Magazine'. A special feature of the Commerce Association is the "Essay Competition" which is open to all University students offering Commerce and Economics in any one of the Universities of the Province. The Commerce Association maintains a small library of its own for the benefit of poor students and to facilitate study circles. There is also a Science Association for the Science and Agriculture Departments which meets periodically and holds talks and lectures. The Hindi Sahitya Parishad seeks to promote the cause of Hindi. It organises lectures delivered by scholars and holds debates on Parliamentary lines. It also conducts a provincial Kavi Sammelan and Kavita Pratiyogita, the winner of the latter being awarded Pt. Ram Prasad Saraswat Memorial Cup.

The Old Boys' Association of the College enables students who have left the College to keep in touch with its life. A meeting of the Old Boys' Association is held at least once a year and the Alumni Bulletin, giving an account of the activities of the association and matters relating to the College, is published and sent to the members.

The College Magazine.—The College Magazine is published once a year. It incorporates selected articles from the Journals of the Commerce and the Arts Associations together with independent contributions by the Staff and the students.

20.—MEDICAL COLLEGE, AGRA.

History.—The Agra Medical College started in 1939. Prior to this date it was the Agra Medical School. This Medical School began in 1854, and it appears, was established for the benefit of the Military Department. The Thomason Hospital was the nucleus of the School. Civil pupils were accepted for training in 1878. In 1922 the following buildings were added to the Hospital; Operation.

Theatre, Out-patients Department, European Ward and Surgical Ward. In 1904 there was a general improvement in the standard of education and new buildings were erected e.g. Eye Ward, Dissection Hall, Physiological Lecture Hall and Pathology Laboratory.

In 1905 the students' Hostel was built and play grounds opened. In the following years more buildings were added; New Pathology Laboratory, X-Ray Block, Women's Wards and Maternity Block. Steady improvement in education and buildings were continued when in 1931 whole time lecturers in Anatomy, Physiology and Pharmacology were appointed. A pre-medical test was introduced in 1935, which ensured a better class of students. In 1939, the School was formed into a College, affiliated to the Agra University.

22.—K. E. M. UDAIBHAN JAT COLLEGE, LAKHAOTI.

History.—The origin of the Institution may be traced back to the year 1905, when the late Rai Bahadur Ch. Amar Singh O. B. E., of Pali, started a small Boarding school in his private residence with a few boys under a warden and a tutor. Five years after this humble "Path-shala" of Pali was shifted to Lakhaoti, the present site of the institution, where it began to function as a Primary School. In 1913 it was raised to the standard of a Middle School. Rai Bahadur Ch. Amar Singh feeling the need of a suitable High School in the rural areas, enlisted the support of the public and several Jat Zamindars, chiefly among whom was the late Rani Raghubir Kunwar of Sahanpur Estate and got recognition for starting High School classes in the year 1919. On April, 1930, His Excellency Sir Malcolm Hailey, Governor of the United Provinces and His Highness the Maharaja of Dholpur visited the Jat High School. As a result of His Highness's kindness and His Excellency's sympathies, the High School was recognised for the Intermediate Examination in Agriculture in July 1931. In July 1934 recognition in Intermediate Arts was also secured. Before Rai Bahadur Ch. Amar Singh could realize his mission of seeing the institution a fulfilled Degree

College, death snatched him away in 1935. On the demise of the Founder a new Managing Committee was constituted in August 1935. His Excellency Sir Maurice Garnier Hallett, K.C.S.I., I. C.S. visited the College on 8th April 1941 and laid the foundation stone of the "Young Hostel". His Excellency was greatly impressed and expressed the hope that the Amar Singh Jat College which had such a modest beginning may develop into a rural University one day. In July 1941, the College was recognized for B. Sc. Agriculture and B. A. classes.

Management and Control.—The institution is run by the Government through the District Magistrate Bulandshahr as Official Administrator.

D. Birla, Rs. 1,900 by Sir B. D. Goenka and Rs. 1,000 by Mr. K. K. Birla. In spite of the extreme difficulty of procuring books now, the number of volumes added in these two years is 3886.

The Library is classified on the Dewey decimal system.

The Library spent Rs. 1,000 in 1944-45 on newspapers and periodicals. In addition to the periodicals and journals directly subscribed by it, the library is in the fortunate position of regularly receiving some forty outstanding British, American and Indian Journals and periodicals from Mr. G. D. Birla.

Every student of the College is a member of a society known as the Birla College Parishad which offers valuable opportunities for cultivating a sense of responsibility and the practice of self-government by associating students with the direction of the social and athletic side of the life of the college. It conducts regular debates in the parliamentary form once a fortnight.

There are special societies in connection with the study of English Literature, Hindi Literature, History and Politics, Commerce Economics, Philosophy and Science. These societies conduct, under the guidance of the professors, lectures and discussions on topics of interest in the subjects with which they are associated.

The College has a Dramatic club and a Music Club. For the Dramatic Club there is a fine stage on which dramas of social and religious interest are presented from time to time. The performance of Jai Shankar Prasad's "Skand Gupta" by the Dramatic Club and of Jacob's "Monkey's Paw" by the English Literary Association were outstanding successes this year and were highly appreciated. History.—Seth Gyaniram Bansidhar Podar College, Nawalgarh (recently affiliated to the Agra University for the B.A. and B. Com. Examinations of 1947) is a monument of individual philanthropy. Its origin lies in Seth Anandilal Podar's donation of Rs. 2,01,000 towards the Tilak Swaraj Fund of Mahatma Gandhi in 1921. According to the donor's wishes, this amount was to be spent on education in Shekhawati in Jaipur State. To carry out the plans, the Anandilal Education Society was formed with Mahatma Gandhi, Pandit Madan Mohan Malviya, Seth Jarnalal Bajaj and Seth Anandilal Podar as its first trustees. In 1936, the Anandilal Education Society was registered in Bombay under the Societies Registration Act (XXI of 1860).

In 1922, with a further donation of Rs. 1,00,000, a Brahmacharya Ashram was established at Nawalgarh. It was turned into the Brahmacharya Ashram A. V. High School in 1930. Two years later, Seth Anandilal Podar constructed a grand building for the institution at a cost of Rs. 80,000 whose opening ceremony was performed in 1934 by Sir Beauchamp St. John, K.C.I.E., C.B.E., on behalf of Maharaja Sahib Bahadur of Jaipur State. The institution was then renamed Seth Gyaniram Bansidhar Podar High School after the names of the donor's grandfather and father.

In 1940, Seth Anandilal Podar donated a further sum of Rs. 50,000 and built the Ramniranjan Podar and Ramvilas Podar Hostels on the eastern and western sides of the main building to perpetuate the memory of his two sons.

In 1942, the High School was raised to an Intermediate College by securing recognition from the Rajputana Intermediate Board for the Intermediate Examinations in Arts and Commerce and in May 1945 it was granted the privilege of affiliation by the Agra University for the B.A. and B. (1)—KAYASTHA HOSTEL, AGRA.

The Kayastha Hostel, Agra, owes its existence to the energetic efforts of a small number of students who realised the difficulties of the students who come to Agra for purposes of study. They brought the necessity of the construction of a Kayastha Hostel at Agra to the notice of the Kayastha Association, Agra. The proposal received a good deal of encouragement from the members of the community and was very successfully moved in the All India Kayastha Conference held at Farrukhabad in 1921. Since then it began to take a definite shape when, thanks to the selfless devotion of Mr. Asharfi Lal and the kind generosity of the Agra College Authorities, a suitable plot of land was obtained from the Agra College. The work of construction commenced on 1st March 1923, on which auspicious day the late Hon'ble Justice Gokul Prasad of Allahabad High Court laid the foundation stone.

The plan of the hostel consists of a double storeyed building of 96 rooms, a big hall and a residence for the resident warden. So far only 30 rooms have been constructed with the generous help of the members of the community and the United Provinces Government. The U. P. Government was pleased to contribute Rs. 10,000 toward the cost of the building in 1928.

Management.—The hostel is managed by the community. It is, besides, under the general supervision of the Principal, Agra College, who arranges inspections every fortnight and gives his valuable suggestions and advice. The Medical Officer of the hostel is Dr. G. N. Kapur who takes a keen interest in the health of the inmates and looks after the general sanitation of the hostel.

The donation for the construction of the hostel is raised from the members of the Kayastha Community but it is not sectarian institution in so far as it is open to members of all castes and creeds. The examination results of the

inmates of the hostel have been uniformly brilliant. A hostel union functions for the session with a senior resident of the hostel as President.

A small beginning was made in 1939 towards establishing a library with 200 books. It has now 426 books which are usually in brisk circulation.

The Warden of the hostel is Lt. Lalita Prasad Saksena, Lecturer in Chemistry, Agra College, who, as general Secretary of Kayastha Association, Agra is subject to its direction in the matter of administration.

(2).—PATHAK BRINDABAN VEDIC ASHRAM (CHAUBEY HOSTEL), AGRA.

The Pathak Brindaban Vedic Ashram was founded in 1892 by the late Raja Jai Kishen Das Bahadur, C. S. I., in memory of his father.

The management of the hostel was put under the control of a Board of Trustees of which Raja Jai Kishen Das was the Life President. After the death of Raja Jai Kishen Das, his son, the late Raja Parmanand, worked as President of the Trust. Since January 1924 his grandson Kunwar Sir Jagdish Prasad, K. C. S. I., C. I. E., O. B. E., I. C. S. (retired) has been working as the President.

The hostel is open to the admission of Brahmin students, preference being given to Chaturvedi Brahmins. Under certain conditions non-Brahmin students may also be admitted.

The students residing in the hostel get rooms free of rent and several other facilities.

(3).—FINLAY BHARGAVA BOARDING HOUSE, AGRA.

The Bhargava Hostel was established in 1889. Pandit Girdhar Lal, a prominent member of the Bhargava community and a leading vakil at Agra, took the initiative and collected funds from the members of his community besides subscribing himself towards the establishment of this hostel. Pandit Newal Kishore Bhargava, C. I. E., of Lucknow, was one of the prominent among the donors of this foundation. The hostel is primarily meant for the students of the Bhargava community, but other Hindu students who are strict vegetarians are admitted.

The hostel contains 20 large rooms. There is a big central hall for holding meetings and playing indoor games. Provision is made for Tennis, Volley Ball, Badminton and for Gymnastic exercises. The Bhargava community budgets a handsome amount each year for the upkeep of the hostel.

The Warden lives in the hostel premises and the warden's quarters were created from the grant of Rai Prag Narain Bhargava Bahadur on the occasion of his son's marriage in February, 1914.

(5)—K. D. V. S. HOSTEL, GWALIOR.

The Hostel was started by the Sabha nearly 15 years ago for the Maharaj Kumari Girls' School. When the college came into existence the college students also began to live in the same Hostel. Gradually as the number of college students began to increase and the college being separated from the High School, the hostel became more and more a college Hostel and at present it is entirely a college Hostel.

From the beginning till 1944, the Hostel was under the combined management of the Sabha and the Education Department. From this year it has been transferred to the Department under Darbar orders and is at present a State Hostel recognised by the University and is now known as Kamla Raja Girls' Hostel and not Kanya Dharma Verdhani Sabha Hostel.

For internal management and discipline the hostel is directly under the control of the Principal assisted by her staff and a whole time Matron—all living in the premises.

The Hostel building is a part of the College building. The rooms are large and well ventilated and furnished with adequate and sufficient furniture. The accommodation provided at present is only for 34 students but there are plans in progress for extension.

The main Hospital being situated within the distance only of a furlong from the Hostel, the medical aid is always prompt and efficient.

The atmosphere in the Hostel is always that of a congenial family and the girls move and live in a spirit of perfect harmony and friendship.
